<b>Talk with your Adviser about fees and costs applicable to you</b>				

*\*If a client has assets in more than one account under management with LGF, then LGF calculates its investment management fee separately for each account. In other words, it does not aggregate or “household” the values of those accounts when calculating its fee. This practice can result in a higher fee when account values in the aggregate would otherwise qualify for a lower annual rate under LGF’s fee schedule.*
